

Mae Jo Golf Club

As a business owner who sees the potentials of Chiang Mai, Mr. Atipon Tantivit has decided to shift his family's land to be one of Chiang Mai's best standard golf club. Having background in computer science and business administration, a young man graduated from Pennsylvania has made Mae Jo Golf Club as his current challenge relating to higher level, Thailand's tourism!

Atipon Tantivit

Managing Director
Mae Jo Golf Club & Resort
Chiang Mai, Thailand

About your aspect towards Chiang Mai, what did you see from this province before Mae Jo Golf Club has been started ?

As it is a popular tourist destination of Thailand, at that time when I first came here just for traveling, I thought Chiang Mai is a very nice place for running business. However, I later realized that it was not so easy to make an investment here as I thought. High season is the only best time whereas more promotions and campaigns must be promoted during low season to life business up until next high season comes. Personally, I love this city as lifestyle here is more comfortable than lift in Bangkok where the traffic is so heavy.

Why "golf club" ?

Actually, my family's main business is real estate so we have discussed about many business projects. Why did I choose golf business? The first reason is that,

apart from agriculture, I think tourism is another best choice for Thailand as we have great weather and geography that we can travel around country throughout the year. More luckily, we have very unique and outstanding cultures, traditions, or even people's characteristic. Many tourist places in Thailand are in world class where easily impress many foreigners. Secondly, in Thailand, all businesses that base on real estate such as hotel or golf club are supported by the government because it creates job opportunities to local people. So I combined real estate and tourism together and it perfectly resulted as golf club business.

What makes Mae Jo Golf Club & Resort more outstanding from others in Chiang Mai ?

Unlike those traditional courses, Mae Jo Golf Club & Resort was designed to blend in beautifully with our old fruit orchard. Many local fruit trees such as Mango, Lychee, Longan, Pomello and Tangerine

which are scattered along the fairways can give you penalties for your score or rewards for your appetite.

The course layout was designed to challenge both high and low handicappers. Each hole has different character and requires different strategy to play, from tee to green. Safety during round is also our first priority, so that a change of accident here is almost zero.

Lastly, located just 20 min away from Chiang Mai downtown and almost in the center among other courses, MJGC&R is a wonderful place for those who are seeking relaxing golf vacation or a perfect "Hub" for Golfaholics.
